### Case File #4 What About The Bad?

MCC

1 Samuel 17

5/2/20

Is God all \_\_\_\_\_?

Is God all \_\_\_\_\_?

It's impossible to look at the cross, to look at the sacrifice that God made for us and not see Him as \_\_\_\_\_.

**Am I going to allow my \_\_\_\_\_ determine my belief in God or am I going to allow my belief in God reign over my circumstances?**

Sometimes when people put God being good in front of their circumstances their \_\_\_\_\_ change

All times when people put God being good in front of their circumstances their \_\_\_\_\_ changes

As Christians we don't allow our circumstances which are \_\_\_\_\_ to determine our belief in God who is \_\_\_\_\_.

**WHY DO \_\_\_\_\_ THINGS HAPPEN TO BAD PEOPLE?**

God is always good, He is always just, but He is not always \_\_\_\_\_.

If He were fair, He would give us what our \_\_\_\_\_ deserve.

It took what no one \_\_\_\_\_ to bring what everyone \_\_\_\_\_.

Good things happen to bad people because the God of the Universe \_\_\_\_\_.

**WILL \_\_\_\_\_ THINGS HAPPEN TO ME?**

**1. Maybe because you're a victim of a \_\_\_\_\_**

As long as people are allowed to make choices as long as we have our free will in this world there will be \_\_\_\_\_.

**2. Maybe \_\_\_\_\_ brought it on yourself**

There are direct \_\_\_\_\_ for our sinful behavior.

**3. Maybe because God wants to identify a \_\_\_\_\_ in us before it kills us**

**4. Maybe God wants to do something \_\_\_\_\_**

Through something you don't \_\_\_\_\_, something you would never \_\_\_\_\_, something that is \_\_\_\_\_ maybe one day God is going to do something big

We see life a \_\_\_\_\_ at a time but God has all the \_\_\_\_\_ laid out in front of Him throughout all time.

**5. Maybe God is doing something \_\_\_\_\_**

**GOD WHAT DO YOU WANT ME TO DO?**

We don't get to define \_\_\_\_\_ to other people but we can't let tragedy define us

Christians can either be identified by \_\_\_\_\_

For some of you, you need to get out of your sheep pen and ask God - what do you want me \_\_\_\_\_?
